

## WHY STUDY ONLINE AT WNU?

### Earn a U.S.A. Degree with an affordable tuition!

Students' MBA/DBA degree will be the same degree as any student who studies at an American University in America. The degree will NOT highlight that the program was completed online. Online programs are a more affordable option than traditional colleges or universities because there are no additional costs in commuting, living, library fees, etc.

### Highly interactive with a flexible schedule!

Discussion forums bring an intense focus in course content, and through discussion forums, students are offered a unique chance to gain an in depth understanding of their classmates' views. Virtual live courses provide students the opportunity to work while receiving a higher education and to help students flourish and succeed, course materials are always accessible online.

**WESTERN  
NATIONAL**  
UNIVERSITY

Improve technical skills!

Virtual support from around the world!

Communicate more effective and professionally!

Flexible scheduling!

Corporations like Deloitte are educating online too!
